

B. Lokesh

Python Developer

Chennai, India | 6379944002 | lokeshmsc314@gmail.com

OBJECTIVE

Motivated M.Sc. Computer Science student with a strong foundation in Python, web technologies, and database systems. Seeking an entry-level Python Developer role to apply programming skills, build scalable applications, and contribute to innovative software solutions.

EDUCATION

M.Sc. Computer Science

St. Thomas College of Arts and Science, Chennai

2024 – 2026 (Pursuing)

B.Sc. Computer Science

St. Thomas College of Arts and Science, Chennai

2021 – 2024

TECHNICAL SKILLS

Programming Languages

Python, C, C++

Web Technologies

HTML, CSS

Database

SQL (Database Management)

Tools & Platforms

Git, VS Code

Cybersecurity

IAM Fundamentals, IAM Strategy, Platform Integration

PROJECTS

Student Database Management System

Academic Project

Designed and developed a database management system to store, retrieve, and manage student records efficiently. Built using Python and SQL, the system supports CRUD operations and provides a structured interface for academic data handling.

AI-Based Weather Simulation

Academic Project

Developed an AI-driven simulation to model and predict weather patterns using Python. Applied data analysis and basic machine learning concepts to simulate atmospheric conditions and visualize weather trends through an interactive interface.

CERTIFICATIONS

Cybersecurity Analyst Job Simulation — Tata (Forage)

June 2025

Completed hands-on tasks covering:

- Identity and Access Management (IAM) Fundamentals
- IAM Strategy Assessment
- Crafting Custom IAM Solutions
- Platform Integration
