

B. LOKESH

SOFTWARE DEVELOPER

Chennai, India | 6379944002 | lokeshmsc314@gmail.com

OBJECTIVE

Dedicated M.Sc. Computer Science graduate with a strong academic background and hands-on experience in Python, database management, and web technologies. Seeking an entry-level software development role to apply technical skills, explore emerging technologies, and contribute to organizational growth.

TECHNICAL SKILLS

Programming	Python, C, C++, Core Java, Advanced Java
Web Technologies	HTML, CSS, JavaScript, JSP, J2EE
Database	SQL, MySQL
Tools & Platforms	VS Code, MS Office

PROJECTS

1. Student Database Management System

Technologies: PHP | MySQL | JavaScript

- Built a full web-based system to manage student academic records digitally including enrollment, subjects, and grading.
- Implemented class creation, subject assignment, and automated result generation features.
- Improved result tracking accuracy and reduced manual workload through automation.

2. AI-Based Weather Simulation

Technologies: Python | Machine Learning | Linear Regression | Isolation Forest

- Developed a real-time Weather AI Prediction System using Machine Learning techniques for accurate forecasting.
- Applied Linear Regression and Isolation Forest algorithms to predict weather parameters and detect anomalies.
- Designed an interactive dashboard with risk analysis and automated alerts for floods, heatwaves, and storms.

EDUCATION

M.Sc. Computer Science	St. Thomas College of Arts & Science, Chennai	2024 - 2026
B.Sc. Computer Science	St. Thomas College of Arts & Science, Chennai	2021 - 2024
Higher Secondary (HSC)	Lamech Higher Secondary School, Chennai	2020 - 2021
SSLC	Sre Sasstha Matric. Hr. Sec. School, Chennai	2018 - 2019

CERTIFICATIONS

Cybersecurity Analyst Job Simulation — Tata (Forage)

June 2025 | IAM Fundamentals, IAM Strategy, Custom Solutions, Platform Integration

Master in Software Application — Apollo Computer Education Ltd.

October 2025 | Grade: A+ | MS Office, Python, Adv. Python, Core & Adv. Java, J2EE, JSP, HTML, CSS, JavaScript
